

Host Registration for Sermon-Discussion Group

Thank you for volunteering to open your home to a discussion group. Your job is to provide a meeting space and hospitality. Only at the first meeting will you be asked to provide a light refreshment like coffee, tea or ice water. You need to be ready on the first meeting to provide the days and times that your home will be available, as are convenient with your schedule.

A Life Group leader will be at that first meeting to facilitate organizational matters and model the meeting format for the participants. He/she will select the willing volunteer for the following week who will ask the question prompts from the guide. A liaison from the Life Group Leadership team will be contacting you by phone to clarify any questions or concerns that you may have. You will receive the names and phone numbers of the people assigned to your group as far in advance as possible. Your liaison from the Life Group Leadership team will check with you from time to time throughout the ten weeks, and you will have their name and phone number to call them if you have a concern. Please take an extra copy of this paper for you reference. THANK YOU SO MUCH for your service to our congregation and your dedication to the work of our Lord Jesus Christ.
